With a view of preventing this, it is pointed out that Carranza might avoid war by calling for the selection of an international commission to discuss the border situation, as provided by the treaty of 1848. So far no suggestion has been received from Mexico.

of a letter today from Alfred Hart,

a good news that the committee

of Oklahoma City will at once be

state road from Edmond due east

a junction on the county line with

the road running straight south of

Guthrie to Oklahoma City. This

will give a ridge road all the way

from Guthrie to Oklahoma City, the

shortest possible route, and a state

road all the way which will be least

dragged and in repair. The Oklaho-

ma City road will then run straight

south on Division street fourteen

miles then three miles west into Ed-

mond. Oklahoma county expects to

complete their end of this road with

in two weeks and if the ten miles in

Logan county are at once put in a

completed condition this new route

will be the means of bringing a large

HIGH WIND AND HEAVY
RAIN SOUTH OF CITY

A report was soon current on the streets that a cyclone had completely destroyed the little town of Waterloo; investigation has ever proved the report unfounded.
